Green Tomato Cars

Green Tomato Cars launched in 2006 as London's first ethical and eco-friendly passenger car company and now offer ground transport solutions nationwide. Environmental responsibility was at the heart of the business when it was established and that ethos remains central to the company today. Our mission statement – "Ethical transport to meet the needs of our customers that does not cost the earth" - strongly connects the company with its roots.

We were the first London private hire company to:

- use hybrid vehicles
- use fuel-cell vehicles
- double offset emissions
- deploy real-time air quality sensors in our vehicles

Open a Corporate account with us and consolidate all your ground transportation requirements through one booking platform, whilst seamlessly expensing using e-Receipts, so you have full visibility of spend and usage.

How do we make our client experience better?

- Ultralow-emission fleet (Standard, Executive and 6-8 seaters)
- Fastest growing zero-emission fleet in London
- All unavoidable emissions offset by 200% through carbon projects = carbon positive solution
- Drivers vetted and trained by us
- Company-owned, maintained and serviced vehicles to make sure they are in immaculate condition - inside and out

Start your cleaner, greener journey with us today - simply hit the request information button, visit our website www.greentomatocars.com or call our friendly team on +44 (0)207 107 0779 and let us help reduce your costs, admin burden and carbon footprint.

Concur on Outlook – Beta

With Concur on Outlook, you can take any business receipt from your inbox and "Send to Concur" with a click for instant expensing. Make expensing even easier and avoid extra downloading, uploading and logging with this simple tool.

It's easy to get started: Individuals or IT Administrators with Concur Expense can use the add-in. Once you activate the service, you'll login with your Concur credentials one time. From there, no additional sign-ups, installs or uploads are required.

Concur offers cloud-based services that simplify travel and expense management; the company processes more than 70M transactions in T&E spend a year.

Details:

- Only available for SAP Concur customers in the U.S. with Concur Travel and Expense
- Customers must have an Outlook account and are responsible for their services and their users
- Customers must be able to onboard a cohort of testing users within their company, with admin privileges for the platforms or agreement from those admins to do so
- Customers must be willing to provide feedback to support improving the beta product
- SAP Concur product betas developed by Concur Labs are not part of a customer's agreement for other SAP Concur products and services and are subject to Beta Evaluation Terms, which specify, among other things, that SAP Concur may discontinue the beta at any time, betas are not covered by any product support or warranties, participation in a product beta does not impact or modify a customer's agreement for other SAP Concur products and services, and SAP Concur has no obligation to continue the beta product or launch it as a fully commercialized feature.

Concur Expense on Outlook - Beta works with Expense for Concur Standard and Expense for Concur Professional. It is now available in the Concur App Center under User Connections (formerly Apps for Me) at www.Concur.com/AppCenter. For more information about the Concur Expense on Outlook Beta integration, visit https://www.concurlabs.com/projects/office_365.html.

Concur Expense on Slack – Beta

We created the "Concur Expense" bot to give you a fast and easy way to request information on business travel and expense reports or submit expenses and receipts directly from Slack. The experience is fast and intuitive, and part of our ongoing effort to meet customers where they are. You can interact with @ConcurExpense to request or submit Travel and Expense information.

Create Quick Expenses

For basic expenses, write a simple note like "expense \$15 for coffee" and the bot will automatically send this to your Concur account.

Approve Expense Reports

When someone on your team has an expense report they need you to approve, you will get a notification and be able to approve reports in Slack.

See Your Travel Itinerary

Type "itinerary" or "trip details" and your upcoming business trip information will be sent right back to you.

Details:

- Only available for SAP Concur customers in the U.S. with Concur Travel and Expense
- Customers must have a Slack account and are responsible for their own use of Slack services and their users
- Customers must be able to onboard a cohort of testing users within their company, with admin privileges for the platforms or agreement from those admins to do so

Voll

Voll allows you to have all your transportation apps in one single-access platform, making it easy to manage ground transportation. Voll's integration with SAP Concur ensures accurate expense reporting by automatically submitting e-receipts with trip details to Concur Expense.

Benefits of the Voll and SAP Concur integration for employees:

- Request Uber, Cabify, 99, and other mobility suppliers in one screen comparison interface, allowing you to opt for the best option every trip.
- Access the Voll interface on both mobile and desktop devices.
- Receive electronic receipts in your Concur Expense account immediately after the ride is finished to make expense reporting simple.

Benefits of the Voll and SAP Concur integration for businesses:

- Voll does not direct users to native transportation apps, ensuring control, and safety for employees and their companies.
- Set ground transportation policies for specific groups of employees, departments, or ongoing projects.
- Keep track of employees' ground transportation usage by trip or through periodical automated reports.
- Set budget limits for cost centers, departments, projects, and even specific users, as a financial amount or number of trips. This feature also provides different possible chronological settings for budget needs.
- View real-time reports of employees' commuting expenses and policy compliance through built-in Microsoft Power B.I. dashboards.

Voll works with Expense for Concur Standard and Expense for Concur Professional. It is now available in the SAP Concur App Center under User Connections (formerly Apps for Me) at www.Concur.com/AppCenter. For more information about the Voll integration, visit <http://govoll.com>.
