Apps for Me Now Available

Grab

Grab is Southeast Asia's leading ride-hailing platform. Grab solves critical transportation challenges and makes transportation freedom a reality for 620 million people in Southeast Asia. The integration with Concur now provides e-receipts for rides to be sent to Concur automatically for accurate, timely and effortless expensing.

Grab offers a wide range of services through one mobile app:

- GrabTaxi: Book a budget or premium taxi from Southeast Asia's largest network of drivers.

- GrabCar: Ride in comfort in a private car and pay a fixed fare that is agreed upfront.

- GrabBike: Get around the city in the quickest way possible.

- GrabExpress: Send your parcels and documents with a delivery service you can trust.

- GrabHitch: Hitch a ride or give someone a lift with our carpooling community.

Book a ride with Grab and expense it to Concur, it's that simple!

Grab works with Expense for Concur Standard and Expense for Concur Professional. Grab is now available in the Concur App Center under Apps for Me at www.Concur.com/AppCenter. For more information about Grab, visit their website at https://www.grab.co/business.

WallyPark

Before your next business trip, connect your Concur account to WallyPark Airport Parking. Reserve your parking spot and send e-receipts directly to your expense report.

Why park with WallyPark:

- Fast & reliable shuttles with free USA Today newspapers.

- Come home to a freshly detailed car, washed, waxed and ready to go.

- We've got you covered with great pricing in secure lots and facilities nationwide.

WallyPark works with Expense for Concur Standard and Expense for Concur Professional. WallyPark is now available in the Concur App Center under Apps for Me at www.Concur.com/AppCenter. For more information about WallyPark, visit their website at http://www.wallypark.com/.

Carla

Carla detect

By using the power of Mojio's Car Monitoring System and connecting to Concur Expense, Carla enables travelers to expense vehicle mileage without paper receipts or manual processes. Getting started is easy:

1. Purchase and download the Mojio MM1US Car Monitoring and Tracking Smart System. The 3G + GPS device plugs into any car's On Board Diagnostic (OBD-II) port. It installs in seconds and its 3G Celllular Connection ensures you and your car are always connected. Available on Amazon for $149 and includes network access for the first 12 months.

2. Download the Carla app on your iPhone or Android mobile device, and sync it with your Mojio.

3. Connect Carla to your Concur Expense account. Your trip information – including mileage and costs – will be automatically sent to your account. It's that easy!

Carla works with Expense for Concur Standard and Expense for Concur Professional. It will be available soon in the Concur App Center under Apps for Me at www.Concur.com/AppCenter. For more information about Carla, visit their website at http://www.nervous-energy.com.
